Who We Are

About Us

Lebanon Valley Family Medicine, Inc. is a
primary care office dedicated to serving the
health care needs of today’s families. Our
skilled and dedicated staff is here to provide
a broad range of services that meet the
diverse needs of today’s families from
pediatric to nursing home care.

We provide various standard medical
services in our office, including the
evaluation of conditions such as arthritis,
diabetes, heart disease and hypertension.
We offer in-office diabetes tracking,
spirometry testing and nebulizer
treatments.

Annville (Harpers) office 717-865-6647

All calls for Harpers are handled through this number — extensions are not needed.

Drs. Leach, J.B. Welch, Schreiber, Blubaugh, Berger & Ronica Montagna, CRNP regularly schedule appointments at this location.

After Hours

If you have a life-threatening emergency, please call 911.

Call us first!

If you need urgent assistance outside of regular office hours, please call

717-838-1301

or

717-865-6647

Our answering service will notify the on-call physician to contact you as soon as possible. If the on-call physician does not contact you within 20 minutes, please call again.

“Our mission is to provide quality care in a comprehensive, compassionate, and convenient manner because your family’s good health is our family’s primary concern.”

Prescription Refill Line

717-838-0339

Please provide your name, the name of the medication, dose, pharmacy name and location, and your phone number. Prescription refills are processed during regular office hours only, with refills sent to the pharmacy within 48 hours. Please order refills at least 2 days before you finish your current prescription.

Patient Portal

The Patient Portal is a convenient way for you to securely communicate online with us. Through the portal you may request an appointment or a prescription refill, update your personal and medical history information, or send us a message. Most requests will be addressed within 24 hours Monday through Friday only. We will contact you with non-urgent test results or send you a message. You will have access to personal health information including medications, allergies, problem lists, and laboratory results.

Your activation code is available in person from either office. You will be given a letter detailing the Patient Portal activation instructions.

Due to privacy concerns, the portal is unavailable for patients age 14 through 17.

The Patient Portal is accessed via our website at www.lvfm.org.

Controlled Medications

Due to government regulations and the potential addictive qualities of these medications, we make the following request:

Refills of controlled medications should be requested **MONDAY** through **THURSDAY**. Some of these medications are: Adderall, Concerta, Ritalin, Vicodin, Percocet, Oxycontin, Lortab, MS Contin, MSIR, Avinza, Valium, Ativan, and Xanax.
